Metro Consulting Associates Moves HQ to Plymouth

PLYMOUTH — Metro Consulting Associates has relocated its headquarters from Belleville to Plymouth. The land surveying and civil engineering consultant company moved to accommodate the firm's growth. The new office is at 45345 Five Mile Rd, and will house approximately 50 employees as well as a new ecological services division.

Last year MCA opened offices in Fort Wayne, Ind., and Westerville, Ohio. The company also announced the opening of their northern Michigan office at 830 East Front St in Traverse City.

"When we opened our doors in 2009, we were a much smaller workforce dealing with a recession. After several amazing growth years, we felt the time was right to expand our headquarters and open our third Michigan office in Traverse City," Jeff Evans said.
